

WHAT IS GAI-ERAU?

[Gaetz Aerospace Institute](#) (GAI) is a premier cooperative partnership linking Embry-Riddle Aeronautical University (ERAU) with SCPS secondary schools. Through this partnership, Seminole High School and SCPS offer students the opportunity to enroll in Embry-Riddle courses for university credit. SCPS students earn FREE college credit by attending college-level classes while in SHS. That is a huge savings of approximately \$14,300 per student in tuition! GAI concurrent enrollment in ERAU courses follows the SHS schedule. Students don't have to leave campus to attend ERAU courses.

WHY ENROLL?

THIS IS YOUR CHANCE TO REACH FOR THE STARS!

> **EMBRY-RIDDLE AERONAUTICAL UNIVERSITY [ERAU] HAS FANTASTIC FUTURE CAREER OPTIONS FOR YOU RIGHT ON OUR SHS CAMPUS!**

> **LAUNCH YOUR FUTURE! HELP BUILD A NEW WORLD FOR GENERATIONS TO COME & BECOME PART OF THIS NEW EXPERIENCE.**

> **REQUIRES COMMITMENT & DEDICATION TO THE NEW YOU!**

ERAU COURSES

**Principles of Aeronautical Science
ASC 1000 3 Cr Fall 2015**

**Unmanned Aircraft Systems
ASC 2560 3 Cr Spring 2016**

**Private Pilot Operations ATF 1103
5 Cr Fall 2015 thru Spring 2016**

BENEFITS

H.S. GPA BOOST!

Embry-Riddle Gaetz Aerospace

The first year for our Embry-Riddle Gaetz Aerospace Institute, taught by Drs. Paul & Marie Becht, produced amazing results this year. Our seniors earned 98 college credit hours worth \$127,400 in tuition credit. This tuition credit is value-added for the scholarships awarded by Embry-Riddle to our Gaetz Aerospace seniors resulting in a total dollar value of **\$753,000** earned this year by our seniors in the Gaetz Aerospace Institute!! These scholarships went to four seniors in AS 220 (UAS) and four seniors in AS 121 (Private Pilot) for which one is pending in each course. One senior enrolled in both AS 220 and AS 121 earned a total of 11 college credits from Embry-Riddle and one senior in AS 121 also was awarded a \$10,000 CJP Flight Scholarship through the Blue Sky Educational Foundation.

Two of our students in AS 121 earned certificates (FAA Private Pilot Ground Certificates) and three AS 220 students will earn certificates for Unmanned Aircraft Systems Safety during the first week of June. Next year we will be offering that certificate as part of the AS 220 UAS course. Also, one of our students in AS 121 completed an internship through the Aerosim Flight Center at the Sanford International Airport during the Spring Semester. Congratulations to all!
